

MY FRIEND JACK DUNN

I met Jack in the early 1960s. He and I hit it off from the start and we worked together for many years helping each other and many others in the sport and hobby of model airplanes. Jack and I, along with Ron Reed, the late Joel Harper, and Jere Rosser, started the Cobb County RC club in 1962. It is the oldest model club in Georgia today, and the last report had over 250 members. We also started the CCRC Competition team and flew in many contest together. We competed with each other as we both flew in the expert class. I beat him a few times and he beat me many times! We had a great time and there were never any problems with our friendship. If I had a model and he did not, he knew he was welcome to it, and the same for me with him. The only problem with our friendship was he had to move around a lot because of his job. But he always came back and we were all glad to have him. I only wish he would come home now, but to this day I count him one of my very best friends and love him very much. I would also like to thank Jack's wife Jean for putting up with us all the years!
